## IMPORTANT NOTICE

### Dear Members & Supporters,

It is difficult to escape the constant and ever-changing news related to the outbreak of the Covid-19 virus affecting the globe. Communities have found themselves facing difficult decisions related to public meetings and the gathering of groups of people in one location.

Your health and wellbeing is the top priority for our PFLAG chapter. With that in mind, and based on the data and information we have received from Pflag National, the CDC, The WHO, and the NJ Department of Health, we are suspending all in-person chapter meetings and events. Specifically, the monthly support meetings held in Toms River on the second Wednesday of every month and in Shrewsbury on the third Monday of every month **will not be held** until further notice.

PFLAG Jersey Shore has diligently provided monthly support services to the community for the past sixteen years and understand how important it is that we continue. Our Board of Directors conferenced this evening and are in the process of putting into action a plan to continue providing support in digital spaces. Once plans are finalized, we will be sure to share the information through emails, texts, and on our social media.

If you find yourself needing support, you can:

- Visit the [HOTLINES](#) page on our website for a list of national service providers
- Contact PFLAG Jersey Shore's helpline at (908) 814-2155 for non-urgent matters
- Email us at [support@pflagjerseyshore.org](mailto:support@pflagjerseyshore.org) for assistance

Until plans are finalized, please know we are here for you and do not hesitate to reach out should you need us.

Regards,  
William Placek, President
